1. Quarters and Welfare

The team leader's father with AIRBRAKE and AIRBUILT rented a house owned by Identity (1), Menidi village, whereas the leader with the other two members are staying at the house of Identity (2) in Menidi. On January 25 AIRWISE reported sick with influenza. He was treated by a local doctor and submitted all the expenses incurred. The other team members have had no complaints or ailments.

2. On January 19 AIRBUILT underwent a W/T aptitude test, the results of which were very unfavorable. In our opinion AIRBUILT is of a much lower calibre than his two brothers.

3. The team has been regularly listening to HTGRUBBY and continue furnishing their comments on the broadcasts.

4. The team leader recommended Identities (3), (4), (5), (6), (7) and (8) for future operational use. They are now in the process of being cleared, for possible selection.

5. AIRWISE also collected some biographical data on GABLUTION of Apple Team.

6. Team has also reported that Identities (9), (10), (11) and (12) who were prominent Fig and Apple contacts must, in all probabilities, have been compromised following last year's Apple Team arrests.
